## Chairman's Report for March

---

Hopefully, everyone did receive notification of the cancellation of the March Federation meeting. We sent it to everyone on our email list via Mailchimp. If you don't get the newsletter then there is a 'subscribe' form on our website.

It was also posted on the website and on our Facebook page (<https://www.facebook.com/KentHistoryFederation/>)

Those societies who were hoping to collect their *Journals* at the meeting will have them posted as soon as possible.

### Urgent – new secretary needed by June

As previously noted, Peter Rowe will be standing down as secretary at the next meeting – the June AGM and we urgently need a replacement. The Federation cannot function without a secretary. I cannot emphasise this too strongly. At the moment, Peter is prepared to continue dealing with the One Day Conference but we **must** have a new secretary. The secretary's position could be split into two, with someone taking the minutes at meetings – preferably at both the Federation Quarterly meetings and the quarterly committee meetings (usually held a couple of weeks before a quarterly at a date, time, and place to suit most of the committee), but we would be able to manage with just a minute secretary at the Quarterlies.

If you are able to help, please contact any member of the committee especially Peter ([secretary@kenthistoryfederation.org](mailto:secretary@kenthistoryfederation.org)) or me.

### Affiliation forms

Robin Thomas has sent out the annual Affiliation Renewal forms. While we are looking into the ability to make payments electronically, by returning the form with your cheque it is a far more reliable way to ensure your contact details are unchanged or that we have your new details.
